Members items

From Mt Gambier Society

A display of near mint postcards of the result of the dropping of the bomb at Hiroshima to end the Second War World.

It was part of display that was put on at the Mount Gambier society in September, 2021, "US Military" and covered mail from the Civil War through to the Boxer Rebellion, WWI, WWII to the Antarctic and later conflicts.

The members were amazed at the quality of the cards that had been produced by Japan.
